

# The Report

The Journal of The International Institute of Marine Surveying

July - 2011

## UAE Celebrates 1st Anniversary

Armada Marine Hydraulics Ltd

# Total Hydraulic Management Service

## Hydraulic surveys

Systems surveys and writing of maintenance schedules for vessels to conform with Class & Flag regulations. Provision of detailed equipment registers for new and existing builds.

## Training

Provision of on-site hydraulic training courses, either bespoke to a vessel's individual systems or, as a range of standard courses involving multiple crews.

## Service work

Worldwide service to solve technical hydraulic problems that arise in the operation of the vessel.

## Design services

To offer innovative design solutions on systems and deck machinery for both new builds and existing yachts.

## Commissioning

To provide experienced technical engineers to work on behalf of the owners to ensure all hydraulic systems and equipment are operational prior to the vessel's handover.
